## PAPER TABLES

Recycled newsprint transformed into benches and tables for reading.

Available as coffee tables, side tables and benches the layered paperboards can be stacked and extended to create a table to suit your needs. Storage slots are laser cut into the naturally gray paperboard carbonizing the surface for a rich black edge sealed with linseed oil.

coffee table or bench  
depth from 12" up to 36"  
gray or black with black interior slots

side table or coffee table  
gray with colored highlights  
depth can be 13" up to 32"
